John M. Baer

On the Front Lines of Pennsylvania Politics: Twenty-five Years of Keystone Reporting John M. Baer Pennsylvania, first home of the Declaration of Independence and the Constitution, has a tradition of political progress. However, along with the good, the political playground of Pennsylvania has also seen the brazenly bad behavior of its political leaders. For over twenty-five years, political columnist John Baer has had a front-row seat to the foibles and follies of the Keystone State's political system. Baer takes readers through his memories of covering state politics for the last quarter century, from Democratic governor Milton Shapp's short-lived run for president--in which he finished behind "no preference" in the Florida primary--to highlights of some of the game-changing campaign missteps and maneuvers that moved administrations in and out of the capital. With a delightfully gruff wit, Baer gives readers a behind-the-scenes view of the politics and personalities that have passed through Harrisburg.
