Nico Perrone

Capitalismo predatore (Castelvecchi RX) (Italian Edition) Nico Perrone

Enrico Mattei e Adriano Olivetti davano fastidio agli Stati Uniti. Andavano fermati. Il primo insidiava il monopolio delle «Sette sorelle» sul petrolio. Il secondo non solo proponeva un nuovo modello sociale – immaginando un'impresa che facesse proprie le istanze del bene comune – ma aveva portato l'azienda di Ivrea ad essere protagonista nelle ricerche sui calcolatori. L'eredità di Mattei e Olivetti è stata gettata alle ortiche e dissipata nella lunga sbornia liberista che ha attraversato il Paese. Dal 1991 al 2001 sulla Penisola si scaraventava una valanga di privatizzazioni (banche e imprese). E non può non saltare agli occhi la «coincidenza» temporale di questa svendita con la stagione di Mani Pulite, un'operazione politico-giudiziaria, sostengono gli autori in questo saggio, «certamente incoraggiata dagli Usa», e che tolse di mezzo gli imprenditori e i politici che avevano contribuito al rafforzamento dell'economia italiana. Con la liquidazione dell'Eni e dell'Iri si riportava l'Italia alle condizioni del dopoguerra: quelle di un Paese minore nel contesto internazionale. Amoroso e Perrone si mettono sulle tracce dei liquidatori dell'interesse nazionale, senza nostalgie per il passato ma mossi da un bisogno di verità e chiarezza sulle ragioni del declino italiano.
