## Commentary on the Catechism of the Catholic Church

Making faith-sense is a new term for an ancient practice. It is what the early Christians called mystical or wisdom theology: understanding life in the light of God's participation recorded in the Gospels, recognizing the signs of God's presence in everyday events and shaping one's life accordingly. In Making Faith-Sense, Robert Kinast shows all who seek to unify their life experience around their belief in God how to follow that ancient practice. Drawing upon the awardwinning process he has used with students for the ministry, Father Kinast explains how to make sense of family, work, and cultural experience from the perspective of Christian faith. Each chapter contains numerous real-life examples and practical guidelines that can be used privately or with a group.
