Lovesong of the Electric Bear (Modern Plays) Snoo Wilson

Nothing is stronger than this love, for I am nothing indeed without you, Master

Awoken from his deathbed by his favourite childhood teddy bear, Turing is led by the hand through the journey of his life, from glowing academia to New York drag bars, from triumph to disgrace.

Snoo Wilson's *Lovesong of the Electric Bear* is an epic, psychedelic and electrifying trip through the life of Alan Turing, the computer visionary and maths genius whose gifts made him the code-breaking hero of World War II, but whose homosexuality led him to betrayal and vilification by the very establishment who had depended on him for victory.

Lovesong of the Electric Bear is a wonderfully imaginative, comic and moving play from one of British theatre's great voices. The edition publishes to coincide with the European premiere at the Hope Theatre, London, on 24 February 2015.
