**Queen Elizabeth The Queen Mother 1900-2002: The Queen Mother and Her Century** Arthur Bousfield, Garry Toffoli

*Queen Elizabeth, The Queen Mother 1900 - 2002* presents the life of a remarkable woman. A Canadian perspective on a sovereign who created and cultivated a special relationship with Canada, it is the portrait of a queen who always evoked passionate reactions. Whether it was the anonymous soldier who vowed "to fight for that little lady," Adolf Hitler who described her as "the most dangerous woman in Europe," or the Canadian journalist who coined the expression "the Queen Mum," the Queen Mother seldom left people unmoved.

Opening with the royal tour of 1939, during which Canadians first felt her personal magnetism, *Queen Elizabeth, The Queen Mother 1900 - 2002* describes Elizabeth's background and development, relating how she made a marriage that brought her to the centre stage of public life. It traces her tender support of her shy husband, a reluctant king, shows how she began her Commonwealth role, and recalls her shock at the sudden and unexpected call to wear the Crown.

Faced with the never-ending duties of a queen, Elizabeth proved capable of providing inspired leadership for a society faced with the stark prospect of destruction in a war to save the world. On the premature death of her beloved husband she became Queen Elizabeth, The Queen Mother, a role that has shaped nearly half her life, and one in which Canada has always played an important part. The authors analyze Her Majesty's successes and failures, both public and private, against the background of a century of violent disruption, material achievement, and incredible change.
