For well over a century, Chinese fengshui--or geomancy--has interested Western laymen and scholars. Today, hundreds of popular manuals claim to use its principles in their advice on how people can increase their wealth, happiness, longevity. This study is quite different, approaching fengshui from an academic angle. The focus is on fengshui's significance in China, but the recent history of its reinterpretation in the West is also depicted. The author argues that fengshui serves as an alternative tradition of cosmological knowledge, which is used to explain a range of everyday occurrences in rural areas such as disease, mental disorders, accidents, and common mischief. Although Chinese authorities have opposed the tradition for centuries, nonetheless it has been used by almost everyone as an aspect of popular cosmology. Opposing the Chinese collectivist ethos and moralizing from above, fengshui represents an alternative vision of reality, while interpreting essential Chinese values in a way that sanctions selfish motivations and behavior. The study includes a historical account of fengshui over the last 150 years, augmented by the results of anthropological fieldwork on contemporary practices in two Chinese rural areas.

From reader reviews:

Ellis Cook:

Reading a book tends to be new life style in this era globalization. With examining you can get a lot of information that will give you benefit in your life. Using book everyone in this world may share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire their very own reader with their story or even their experience. Not only the storyline that share in the textbooks. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your kids, there are many kinds of book that you can get now. The authors nowadays always try to improve their talent in writing, they also doing some study before they write for their book. One of them is this Bruun: Fengshui in China Cloth.

Carmen Flood:

People live in this new day of lifestyle always make an effort to and must have the extra time or they will get lots of stress from both lifestyle and work. So , when we ask do people have free time, we will say absolutely yes. People is human not really a robot. Then we consult again, what kind of activity are there when the spare time coming to anyone of course your answer will unlimited right. Then do you try this one, reading books. It can be your alternative within spending your spare time, typically the book you have read is usually Bruun: Fengshui in China Cloth.

Cheryl Alexander:

Many people spending their moment by playing outside having friends, fun activity along with family or just watching TV 24 hours a day. You can have new activity to spend your whole day by examining a book. Ugh, think reading a book can actually hard because you have to take the book everywhere? It ok you can have the e-book, taking everywhere you want in your Smartphone. Like Bruun: Fengshui in China Cloth which is keeping the e-book version. So , why not try out this book? Let's view.

Mary Perez:

As a student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or make summary for some guide, they are complained. Just minor students that has reading's soul or real their hobby. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Bruun: Fengshui in China Cloth can make you sense more interested to read.
