Collectors around the world have enjoyed the animals figurines created by Royal Doulton for over a century. The 3rd edition of The Charlton Standard Catalogue of Royal

Doulton Animals has been updated to include the new models introduced over the past few years, and to reflect the current market value of all Doulton animal figurines.

The three new series added to the 3rd edition are: The Charles Noke Collection, a tribute to Noke, whose classic model of a Polar Bear Monter and Her Cub was remodelled in 2001, by Robert Tabbenor, and issued in a limited edition of 200; the second series, modelled by Alan Maslankowski, Art is Life, contains beautifully sculpted animals such as wolves, bears, and horses; the third series, Burslem Artwares, contains the majestic flambé T'ang Horse and several other flambé pieces.

What appears to be the most buoyant niche in the Animal market today is the stoneware models of mice and frogs created by George Tinworth. The prices realized of these classic sculptures seem to escalate continuously when they appear at auction. There are well over 60 models created by

George Tinworth.

Each listing provides the model number, size, colour, designer, dates of issue and discontinuation, and the different glaze varieties that can be found on certain models. More than 1,200 illustrations on more than 475 pages results in a catalogue that covers the complete range of Royal Doulton Animals.
