El Sexto Sol (Piramide de Etnab) (Spanish Edition) José Luis Murra

December 12th, 2012, the date in which Mayan prophecies mark as the beginning of an era, the birth of the Sixth Sun, is the starting point for this novel. In its pages, the author presents a critical and realistic look at the greatest issues of our time (global warming, the destruction of our environment, international monetary crisis, natural disasters, health epidemics, etc.). Murra also brings to life the legendary Mayan Civilization, their sophisticated knowledge of astronomy and their advanced spiritual awareness. The plot moves through different times and settings: the lost civilization of Atlantis, NASA investigators, a group of explorers at an archeological zone, and inhabitants of the archetypical bustling city.
