Proceedings of the 2012 International Conference on Information Technology and Software Engineering: Software Engineering & Digital Media Technology: 212 (Lecture Notes in Electrical Engineering)

Proceedings of the 2012 International Conference on Information Technology and Software Engineering: Software Engineering & Digital Media Technology: 212 (Lecture Notes in Electrical Engineering)

Proceedings of the 2012 International Conference on Information Technology and Software Engineering presents selected articles from this major event, which was held in Beijing, December 8-10, 2012. This book presents the latest research trends, methods and experimental results in the fields of information technology and software engineering, covering various state-of-the-art research theories and approaches. The subjects range from intelligent computing to information processing, software engineering, Web, unified modeling language (UML), multimedia, communication technologies, system identification, graphics and visualizing, etc.

The proceedings provide a major interdisciplinary forum for researchers and engineers to present the most innovative studies and advances, which can serve as an excellent reference work for researchers and graduate students working on information technology and software engineering.

Prof. Wei Lu, Dr. Guoqiang Cai, Prof. Weibin Liu and Dr. Weiwei Xing all work at Beijing Jiaotong University.
