## The Oxford Handbook of Cognitive Literary Studies (Oxford Handbooks)

*The Oxford Handbook of Cognitive Literary Studies* considers, via a variety of methodologies and combinations of interdisciplinary approaches, how the architecture that enables human cognitive processing interacts with cultural and historical contexts. Organized into five parts (Narrative, History, Imagination; Emotions and Empathy; The New Unconscious; Empirical and Qualitative Studies of Literature; and Cognitive Theory and Literary Experience), the volume uses case studies from a wide range of historical periods (from the fourth century BCE to the twenty-first century) and national literary traditions (including South Asian, postcolonial anglophone and francophone, Chinese, Japanese, English, Iranian, Russian, Italian, French, German, and Spanish).
