What do the animals do when the snow falls to the ground and all the trees are bare? Some fly long distances, while some swim to warmer waters. Some take a long, warm sleep where they live, while others have a thick, cozy coat and can stay in the snow!

As with Il Sung Na's previous books, *Snow Rabbit, Spring Rabbit* is filled with rich illustrations, charming animals, and a simple, lyrical text—all wrapped up in a gorgeous package. It's a gentle introduction to the ideas of adaptation, hibernation, and migration, and an exuberant celebration of changing seasons.

From the Hardcover edition.
