The short stories in this collection follow characters that are plucked away from their normal lives to face wildly abnormal situations. An old coachman must face the death of his passenger; a missionary loses a colleague in the swollen waters of the Turakina River; a cranky ghost wreaks havoc on a Kapiti train; and a bloodied figure travels through time. From a reimagined history to a future where holograms walk the streets, these stories traverse time and genre to explore adventurous frontiers in the past, present, and future.
