Elizabeth Crane would give anything to avoid going out to celebrate a friends birthday. She's not into the clubbing scene, but no-one would have foretold how one night out with the girls would change her life.....forever. Felan is a shy, but handsome computer geek. What he can't do with a computer, simply can't be done. When his brothers relocate to Queensland Australia from the USA to make a fresh start, he decides to go with them. Give him computer forensics, program design, research (hacking), and he's got it covered. But when he sees Elizabeth Crane celebrating with a group of friends, she ignites an uncontrollable fire in his blood and he is left to figure out how he can use his skills to track her down and make her his own.
