Interdisciplinary Connections to Special Education: Key Related Professionals Involved: 30 (Advances in Special Education) Festus E. Obiakor

This two-part volume addresses the specific area of interdisciplinary connections within special education research. Special education has transformed as a result of legislation, new trends and current research investigations. Currently, there is no comprehensive resource that effectively covers these advances. Continuing the approach of Part A, Part B allows readers to follow interdisciplinary connections within special education as it relates to the roles of audiologists, surgeons, vision specialists and school nurses.
