Rethinking Public Sector Compensation: What Ever Happened to the Public Interest?

Thom Reilly

Rethinking Public Sector Compensation: What Ever Happened to the Public Interest? Thom Reilly
Designed as a comprehensive overview of public sector compensation, the book addresses strategies for change, with the author warning that failure of the profession to address this issue will ultimately lead to citizens taking matters in their own hands. The author's issues-oriented approach addresses his core message that the escalation of public sector compensation is impacting the ability of government to meet its core responsibility and the failure of government to address this has serious consequences. Not just a critique, it presents context, analysis, and suggestions for reform.
