Underwater Photography

Paul Kay

Underwater Photography Paul Kay

An award-winning photographer and his breathtaking pictures provide beautiful inspiration for anyone longing to dive into the deep blue sea and record the wonders of marine life. Everything is broken down into manageable, thematic sections, which cover the photographic basics before progressing to more advanced procedures. Capture the ocean's infinite splendor with an array of underwater shooting techniques, advice on choosing a camera, suggestions for maintaining the equipment, and instructions for lighting in this watery world. You'll find out how to deal with low visibility, learn essential photographic equations for calculating shutter speeds and exposures; understand the differences between various film stocks and what digital can do; and see how to use the flash effectively. So take the plunge—the results will be fabulous.
