100 Ways to Cut the High Cost of Attending College: Money-Saving Advice for Students and Parents

Michael P. Viollt

100 Ways to Cut the High Cost of Attending College goes beyond giving information on college scholarships and financial aid programs. Viollt's book spells out in a clear, concise, workbook format many different ways that students can reduce tuition costs and living expenses, and get the maximum benefits for their money. Examples of Viollt's recommendations include transferring from community college, establishing in-state residency, obtaining federal grants and loans, working for colleges in exchange for stipends or free housing, using employers and military service to help in getting a college degree, and graduating in a timely fashion without having to pay for extra semesters. Also included are rankings of colleges and profiles of students that show these tips put into practice.

The skyrocketing costs of college tuitions-which generally increase at twice the rate of inflation-have led families with comfortable incomes to explore ways to keep education costs manageable. For those who don't qualify for need-based financial aid but still find the cost of college to be daunting, Viollt's guide provides excellent insights on staying within a reasonable budget while getting a useful and comprehensive education.

Why, because this book is more than just a book.

Justin Oliver:

As a student exactly feel bored to reading. If their teacher questioned them to go to the library or make summary for some publication, they are complained. Just little students that has reading's heart or real their leisure activity. They just do what the instructor want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this 100 Ways to Cut the High Cost of Attending College: Money-Saving Advice for Students and Parents can make you truly feel more interested to read.

Natalie Renz:

What is your hobby? Have you heard that will question when you got scholars? We believe that that question was given by teacher with their students. Many kinds of hobby, All people has different hobby. And you know that little person just like reading or as examining become their hobby. You need to understand that reading is very important and book as to be the thing. Book is important thing to include you knowledge, except your own teacher or lecturer. You will find good news or update with regards to something by book.

Amount types of books that can you choose to adopt be your object. One of them is 100 Ways to Cut the High Cost of Attending College: Money-Saving Advice for Students and Parents.
