**The Cult of Individualism: A History of an Enduring American Myth: A History of an Enduring American Myth** Aaron Barlow

American individualism: It is the reason for American success, but it also tears the nation apart.

- Documents how the concept and execution of "American individualism" is as diverse as America itself
- Explains how the American notion of individualism has roots that extend back to cultural myths that predate the founding of the nation
- Spotlights the role of the "Borderer" culture spearheaded by the Scots-Irish, whose legacy fuels much of America's contemporary cultural and political divides
- Provides eye-opening information for any reader who wishes to know why so many of our 21st-century political debates in America seem hopelessly irreconcilable
