Postoperative Pain: Science and Clinical Practice Oliver Wilder-Smith, Lars Arendt-Nielsen, David Yarnitsky, Kris C. Vissers

Postoperative Pain: Science and Clinical Practice compiles the proceedings of the November, 2013 IASP Research Symposium on Operative Pain into one convenient volume, giving you clinically relevant and research-driven information on the state of the art in postoperative pain. Global experts from the IASP provide practical knowledge on everything from basic research in animals to human research on clinical questions of diagnosis and treatment – information that's ideal for pain researchers and clinicians who deal with perioperative pain.
