Medication Management for People with Co-occurring Disorders (Hazelden Co-Occurring Disorders Program) Mark McGovern Ph.D., Robert E. Drake M.D. , Matthew R. Merrens, Kim T. Mueser, Mary F. Brunette

The *Medication Management* curriculum is a valuable resource for medical directors and clinicians. It contains vital, current information about medication compliance and other psychological concerns of the patient, issues of differential diagnosis, indications, monitoring symptoms, dosage, tolerance, and withdrawal. Current evidence and consensus-based practices are offered to help providers make clinical decisions about medications and their prescription. The accompanying CD-ROM includes information sheets on specific medications and reproducible patient handouts.
