Palestinian Women Fatma Kassem

Palestinian Women is the first book to examine and document the experiences and historical narrative of ordinary Palestinian women who witnessed the events of 1948 and became involuntary citizens of the State of Israel. Known in Palestinian discourse as the Nakba, or the Catastrophe, these events of sixty years ago still powerfully resonate in contemporary Palestinian-Jewish relations. Told in their own words, the women's experiences serve as a window for examining the complex intersections of gender, nationalism and citizenship amidst ongoing violent political conflict. In narrating these stories, Palestinian Women argues that the realm of memory is a site of commemoration and resistance.
