The part that Satan plays in the drama of a human life is often larger than a person will admit. Each one of us is not only acting, but we are constantly acted upon by one or the other of two great influences. The Good Spirit endeavors to lead us to the skies, and its angels are ever willing to minister to our real needs. The Evil Spirit, either openly or under cover, seeks to destroy our mind with the truth by preaching to us his black sermons of death. Some of these sermons are short, others are longer, and at times they are delivered to us in the language of an angel with all the dignity that good scholarship might command. This volume was commenced with the purpose of tearing off his Satanic mask so that people might see more clearly the real source of these dark sermons. There are many people who, after yielding to temptation, will declare that they have acted independent of any evil influence. Satan is pleased to see a person rest in the shadow of such a delusion, but it is better for each one of us to know that either the good or evil spirit is seeking to be the guest of our thoughts, and it depends upon our attitude who will be entertained.
