Machine Learning Techniques for Multimedia: Case Studies on Organization and Retrieval (Cognitive Technologies)

Machine Learning Techniques for Multimedia: Case Studies on Organization and Retrieval (Cognitive Technologies)

Machine Learning Techniques for Multimedia: Case Studies on Organization and Retrieval (Cognitive Technologies)

Processing multimedia content has emerged as a key area for the application of machine learning techniques, where the objectives are to provide insight into the domain from which the data is drawn, and to organize that data and improve the performance of the processes manipulating it. Arising from the EU MUSCLE network, this multidisciplinary book provides a comprehensive coverage of the most important machine learning techniques used and their application in this domain.
