Public Financial Management (Public Administration and Public Policy)

Public Financial Management (Public Administration and Public Policy)

Public Financial Management covers the five major pillars of this sub-discipline of public administration: context, public finance, retirement systems, performance measurement and budgeting, and international perspectives. This text offers practitioners information valuable in their day-to-day operations, while also providing students in public administration and public management programs with a solid foundation for their own development as future professionals and researchers. Overall this volume promotes linkages between resource allocation and "value-adds" for citizens and stakeholders, driving innovations in operations and increased transparency in reporting.
