Eucalyptus (Medicinal and Aromatic Plants - Industrial Profiles) John J.W. Coppen

Eucalyptus, a genus of over 800 species, is a multiproduct crop par excellence. Not only is it grown for timber, pulp and fuelwood, but it has numerous medicinal and aromatic properties. Since the first commercial distillation of eucalyptus oil 150 years ago, a vast array of eucalyptus-based products has entered the marketplace, mainly for pharmaceutical, fragrance and flavor use. Eucalyptus provides an invaluable reference for all those with an interest in Eucalyptus - in academia and industry alike, for researchers as well as producers, processors, importers and end users - but there are also issues discussed and lessons learned that extend to medicinal and aromatic plants. Contents Part 1. General Aspects 1. Botany of the Eucalypts 2. Eucalyptus, Water and the Environment 3. Eucalypts in Cultivation: An Overview 4. Genetic Improvement of Eucalypts: With Special Reference to Oil-Bearing Species 5. Eucalyptus Chemistry 6. Distillation of Eucalyptus Leaf Oils. Theory and Practice Part 2. Cultivation and Production of Eucalypts Around the World: With Special Reference to the Leaf Oils 7. Cultivation and Production of Eucalypts in Australia: With Special Reference to the Leaf Oils 8. Cultivation and Production of Eucalypts in the People's Republic of China: With Special Reference to the Leaf Oils 9. Cultivation and Production of Eucalypts in Africa: With Special Reference to the Leaf Oils 10. Cultivation and Production of Eucalypts in South America: With Special Reference to the Leaf Oils 11. Cultivation and Production of Eucalypts in India: With Special Reference to the Leaf Oils Part 3. Biological and End-Use Aspects 12. Chemistry and Bioactivity of the Non-Volatile Constituents of Eucalyptus 13. Antimicrobial Activity of Eucalyptus oils 14. Eucalyptus in Insect and Plant Pest Control: Use as a Mosquito Repellent and Protectant of Stored Food Products; Allelopathy 15. Chemical Ecology of Herbivory in Eucalyptus: Interactions Between Insect and Mammalian Herbivores and Plant Essential Oils 16. Eucalyptus Oil Products: Formulations and Legislation 17. Production, Trade and Markets for Eucalyptus Oils 18. Research Trends and Future Prospects Appendices: 1. Sources of Eucalyptus Seed 2. Estimates of Eucalypt Plantations Worldwide 3. Advice to a Prospective New Producer of Eucalyptus Oil or Other Leaf Extractive 4. Composition of Some Commercially Distilled Eucalyptus Oils 5. Quality Criteria and Specifications of Eucalyptus Oils 6. Packaging and Labeling Requirements for the Handling and Transportation of Eucalyptus Oils 7. Useful Addresses Contributors Ian R. Calder, University of Newcastle, UK John W. Turnbull and Trevor H. Booth both at CSIRO Forestry and Forest Products, John C. Doran, CSIRO Forestry and Forest Products, Australia, Joseph J. Brophy, University of New South Wales, Australia, Mr E.F.K. Denny, Denny, McKenzie Associates, Australia, Geoffrey R. Davis, G.R. From reader reviews:

Matthew Waddell:

Book is to be different for each and every grade. Book for children until eventually adult are different content. We all know that that book is very important usually. The book Eucalyptus (Medicinal and Aromatic Plants - Industrial Profiles) was making you to know about other understanding and of course you can take more information. It is very advantages for you. The book Eucalyptus (Medicinal and Aromatic Plants - Industrial Profiles) is not only giving you more new information but also to become your friend when you experience bored. You can spend your spend time to read your book. Try to make relationship using the book Eucalyptus (Medicinal and Aromatic Plants - Industrial Profiles). You never really feel lose out for everything in the event you read some books.

Tammy Lugo:

Do you certainly one of people who can't read gratifying if the sentence chained inside the straightway, hold on guys this aren't like that. This Eucalyptus (Medicinal and Aromatic Plants - Industrial Profiles) book is readable simply by you who hate the straight word style. You will find the data here are arrange for enjoyable reading experience without leaving also decrease the knowledge that want to provide to you. The writer of Eucalyptus (Medicinal and Aromatic Plants - Industrial Profiles) content conveys objective easily to understand by most people. The printed and e-book are not different in the content but it just different such as it. So, do you nonetheless thinking Eucalyptus (Medicinal and Aromatic Plants - Industrial Profiles) is not loveable to be your top collection reading book?

Gabrielle Oneal:

The publication untitled Eucalyptus (Medicinal and Aromatic Plants - Industrial Profiles) is the publication that recommended to you to see. You can see the quality of the e-book content that will be shown to you actually. The language that writer use to explained their way of doing something is easily to understand. The writer was did a lot of investigation when write the book, therefore the information that they share for you is absolutely accurate. You also will get the e-book of Eucalyptus (Medicinal and Aromatic Plants - Industrial Profiles) from the publisher to make you much more enjoy free time.

Dawn Brown:

Eucalyptus (Medicinal and Aromatic Plants - Industrial Profiles) can be one of your beginner books that are good idea. We all recommend that straight away because this publication has good vocabulary which could increase your knowledge in terminology, easy to understand, bit entertaining but delivering the information. The author giving his/her effort that will put every word into enjoyment arrangement in writing Eucalyptus (Medicinal and Aromatic Plants - Industrial Profiles) yet doesn't forget the main place, giving the reader the hottest as well as based confirm resource info that maybe you can be among it. This great information can drawn you into new stage of crucial considering.
