## **Introducción al personalismo (Biblioteca Palabra) (Spanish Edition)** Juan Manuel Burgos Velasco

La filosofía personalista surgió en la Europa de mediados del siglo XX proponiendo un concepto de persona digna y solidaria frente al colectivismo y al liberalismo. Este proyecto tomó cuerpo gracias al intenso trabajo de E. Mounier y se consolidó a través de las aportaciones de filósofos como Maritain, Buber, Wojtyła, von Hildebrand, Marcel, Guardini, Julián Marías y otros. Su influencia ha sido grande.

Juan Manuel Burgos, reconstruye lúcidamente en este libro la génesis de esta filosofía a través de la vida y pensamiento de sus principales representantes. Además, propone también una síntesis personal con la que pretende consolidar las bases del personalismo del siglo XXI. El reconocido prestigio del autor en este terreno y su capacidad de síntesis convierten a esta obra en un texto imprescindible para quien quiera introducirse en el pensamiento personalista.
