There are spectacular failures and frauds, and equally spectacular alleged successes. "Spirit Communications" explores all of these modes of communication and, wherever possible, separates fiction from fact. The book discusses how spirit communications work and what communicators do, but cautions young readers against do-it-yourself spirit communications, such as entering into trances or using risky devices, since the practices can be dangerous for those who are unprepared. Chapters of this book include: Dreams and Visions; Ritual Trances and Altered States; Seance Spirits; Interdimensional Tools; Psycho-What? Machine Mediums; and, Channeling - Calling the Universe.
